Dear Carl:

Pete Eichenberg, the Drama Director at Princeton has just informed me that they have the first Ivy Theatre tape ready for broadcast. At least one gray hair has now turned back to its original blonde. We plan to start our round of broadcasting the week of Oct. 20th, God and five other Ivy League schools willing. Please let me know how far you have progressed and whether you wish to be included in our plans for a rotation system.

Am counting on you to keep the fair name of Yale from dragging in the dust.

Sincerely,

Carolee
